## Executive Summary

This program provides a comprehensive, standards-based approach to establishing and managing an Information Security Management System (ISMS) in accordance with ISO 27001:2022. It equips participants with the practical expertise required to identify, assess, and mitigate information security risks in complex organizational environments. The training emphasizes the integration of security governance with business strategy to ensure resilience, regulatory compliance, and stakeholder trust. Participants will gain hands-on experience with risk assessment methodologies, control implementation, and audit readiness practices.

Program Element	Details
<b>Duration</b>	5 Days (40 Hours)
<b>Target Audience</b>	C-Suite Executives, Senior Leaders, Strategy Professionals
<b>Delivery Options</b>	5★ Hotel   Traveling (Global Centers)   Training Institute   Onsite at Your Location   Virtual Live   Hybrid
