Executive Summary

The **Strategic Performance Alignment Program** is designed to help organizations ensure that strategy, operations, and performance systems are fully aligned to achieve sustainable results. The program introduces modern strategic alignment methodologies and performance management frameworks widely used by leading global organizations. Participants will learn how to translate corporate strategy into measurable objectives, align departmental goals with organizational priorities, and establish integrated performance measurement systems. Through practical workshops and strategic case studies, the program demonstrates how alignment improves accountability, efficiency, and strategic execution. By the end of the program, participants will be equipped to design and implement strategic alignment systems that connect vision, strategy, and operational performance across the organization.
