Executive Summary

The Workplace Risk Assessment & Hazard Control program provides a structured and practical approach to identifying, evaluating, and controlling workplace risks across various industries. It equips participants with the essential tools and methodologies required to systematically assess hazards and implement effective control measures. The program emphasizes a proactive, risk-based mindset that supports informed decision-making and enhances organizational safety performance. Participants will develop the ability to apply internationally recognized frameworks, including risk matrices, hierarchy of controls, and job hazard analysis techniques. Through practical exercises, case studies, and real-world scenarios, the course enables professionals to reduce incidents, ensure compliance, and contribute to a safer and more resilient workplace.

Program Element	Details
Duration	5 Days (40 Hours)
Target Audience	C-Suite Executives, Senior Leaders, Strategy Professionals
Delivery Options	5★ Hotel Traveling (Global Centers) Training Institute Onsite at Your Location Virtual Live Hybrid
