# MIXED REALITY FIRE TRAINING

- Train in Your Real Environment
- Act with Confidence
- Experience fire safety training like never before
- Place a fire anywhere in your real space and learn how to respond instantly

# WHY MIXED REALITY TRAINING?

- Train inside your actual workplace
- No physical risk or damage
- Highly immersive and interactive
- Faster learning through real-world simulation
- Adaptable to any environment

## HOW IT WORKS?

- Wear the headset
- Scan your real environment
- Choose where the fire starts
- Begin the training scenario

The fire appears in your real space, creating a fully immersive experience

## KEY BENEFITS

- Real-world training environment
- High engagement and retention
- No setup or physical fire required
- Safe and repeatable training

## PERFORMANCE FEEDBACK

- Reaction time
- Accuracy in targeting fire
- Correct extinguisher usage
- Completion success
